Churches in China Need Assistance!

Project Partner, a ministry arm of the Church of God, makes the following request:

Wanted: churches in the U.S. who are willing to partner with churches in China. Many churches were destroyed in the recent earthquake. Our ministry partners in China said they know about 150 church buildings that were destroyed. We are seeking U.S. churches who will help rebuild these buildings and/or support the pastors of these churches. It costs about \$5,000 to build a church building. In about 90% of the cases they'll need to rebuild the buildings because the damage is beyond repair. Will you or your church consider a partnership to help the churches in China and the body of believers?

A church could also partner by providing the annual support of a pastor and his/her family which is only \$600. The average family income in China is \$1200 annually. Many pastors receive less than half of this amount annually.

Of course, we welcome any amount a church can give. Project Partner is willing to give 100% of funds raised for earthquake relief directly to China. Donations can be sent to our mailing address listed on our website (<http://www.projectpartner.org>) or simply visit the website and give online, noting Earthquake Relief.

Looking for Resources to Reach or Understand Muslims?

BRIDGES is helping Christians connect with Muslims. This 6-session DVD Small Group Study provides biblical teaching about Islam and what Muslims believe, opening the door for better understanding between the religions.

Since 9/11, the image of Muslims evokes fear and mistrust in Americans. Yet, Jesus teaches compassion and challenges his followers to love our neighbors as we love

ourselves.
